OBJECTIVE

I am an IT graduate with good knowledge of programming, data, and software making. I like to solve computer problems, find useful things from data, and make simple digital solutions. I always try to work well with my team and keep learning new technical and thinking skills.

TECHNICAL SKILLS

C, C++, Java, PHP, Python, SQL (Advanced), JavaScript, HTML,CSS, Flutter, Firebase.

TOOLS & TECHNOLOGIES

Visual Studio Code, Android Studio, MySQL, Firebase Console.

UNIVERSITY PROJECTS

FitFlex - Android Fitness Application ([Documentation](#))

Feb 2025

Tech Stack: Flutter, Dart, API, Firebase Auth

Team Size: 2 | Duration: 3 months

- Developed an Android fitness app using **Flutter** for a seamless and responsive user interface.
- Integrated **Firebase** for real-time data storage, authentication, and cloud synchronization.
- Implemented core features like **workout tracking**, **BMI calculator**, and **goal setting**.
- Collaborated in a **2-member team** following Agile practices with version control on GitHub.
- Focused on **scalability**, **UI/UX design**, and efficient backend integration for smooth performance.

EDUCATION

Swami Sahajanand College of Commerce & Management (Autonomous)

Bhavnagar, Gujarat Master of Science in Artificial Intelligence (M. Sc. A. I.)

May 2025 - Expected May 2027

- Pursuing postgraduate studies focused on **Cloud Computing**, **Data Science**, and **Digital Forensics**.
- Skilled in **Python (Django)**, **Node.js**, **Cloud Platforms**, and **Data Analysis** tools.
- Applied theoretical knowledge through **research projects** and **industry-based training**.
- Gained expertise in **network security**, **system design**, and **data management**.
- Strengthened **leadership**, **communication**, and **teamwork skills** through professional coursework.

Shree Swaminarayan College of Computer Science (Affiliated to M. K. Bhavnagar University)

Bhavnagar, Gujarat Bachelor of Science in Information Technology (B. Sc. I. T.)

May 2025

- B.Sc. in Information Technology from MKBU with a strong focus on core Computer Science subjects.
- Skilled in programming (C, C++, Java, PHP), databases, operating systems, and networking.
- Applied logical and analytical thinking through data structures and algorithms.
- Enhanced communication and soft skills through Business Communication & Personality Development.
- Completed project work with hands-on experience in software development and IT project management.

PROFESSIONAL SUMMARY

Cashier (Part Time) | Reliance Retail

Bhavnagar | July 2024 - Present

- Manage customer transactions and ensure accurate cash handling at Reliance Retail.
- Deliver prompt and courteous service in a fast-paced retail environment.
- Strengthened **communication**, **customer relations**, and **time management** skills while studying.

[Machine Learning Intern](#) | [Cognifyz Tecgnologies](#)

Remote | Feb 2026 - Mar 2026

- Worked on real-world machine learning tasks including data preprocessing, model training, and evaluation.
- Built and implemented ML models for classification problems using Python and relevant libraries.
- Performed data cleaning, feature engineering, and exploratory data analysis to improve model performance.
- Gained hands-on experience with practical ML workflows and problem-solving approaches.
- Demonstrated strong attention to detail, communication, and collaborative skills in a professional environment.

SOFT SKILLS

Problem-solving, Attention to detail, Quick learner, Accountability, Strong work ethic, Growth mindset, Communication, Time management
